Development Tools & Software – Visual Studio, Unity 5, Monogame, Maya, Adobe Photoshop, After Effects, Illustrator, Brackets, Apache Cordova, Brackets, xCode

PROJECTS

Portfolio - <https://people.rit.edu/~pjd3949/230/portfolio/>

Audio Visualizer – Interactive web project that creates designs based on audio output developed in Javascript. Utilizes the Web Audio API and Canvas API with controls the user can change to customize the output.

Socket Shot – Real-time multiplayer web application developed in Javascript and built with a NodeJs backend. Uses p2 library for physics and Socket.io to update clients via web sockets. Developed both front end and back end services along with the socket connections to keep all user in sync.

EXPERIENCE

Clock Coach

Worcester, MA

Mobile Developer

August 2017 – Present

Contracted to develop an application for Android/iOS. Worked with the senior developer and utilized mobile hardware to collect data and track user activities with their device and the application itself.

MassDigi Summer Innovation Program

Worcester, MA

Lead Programmer

May 2017 – August 2017

Developed a mobile game for Android/iOS with a team of 6. Created a business model based on ad revenue and implemented the model with Google AdMob, designed all class architecture, unit tested for various devices, implemented analytics tracking, gameplay programming, and adjusted game mechanics based on feedback and player performance.

ACTIVITIES

RITficial Intelligence

Co-Founder and Executive Board Member

RIT's Artificial Intelligence club. The purpose of the club is to learn and discover the newly emerging technologies and algorithms used to create AI. Some of the topics include deep learning, machine learning, Google AI, robotics, and Game AI. Personally, responsible for creating presentations/lectures, assisting with personal projects, and finding competitions.

Theta Chi Fraternity

Executive Board Member

Responsible for educating new members in the organization. Participated in philanthropic events and raised over 1,000\$ for charity (USO) last semester. Held highest GPA of all Theta Chi organizations.
